WHOLESALE PRICE LIST Fall, 1941

"THE FINEST ROSES COME FROM DIXIE"

To Our Customers:

We can make the statement confidently that the stock offered herein is the best that we have produced for many years. Because of the fact that plants are growing thinly on the ground, they are much better branched than in ordinary years. Since the general rose crop is shorter than it has been in the past five years, and since packing materials and labor are higher, it is necessary that we advance prices somewhat over the past season. As usual, we urge that you study your needs closely as to grades so that you may be able to select from the list below just the size or grade of plant which your trade requires.

Our DIXIE SUPREME GRADE has built us a lot of customer satisfaction.

GRADE AND PRICE LIST

DIXIE SUPREME GRADE.....	\$18.00 per 100
DIXIE NO. 1 GRADE.....	\$14.00 per 100
DIXIE NO. 1½ GRADE.....	\$10.00 per 100
DIXIE NO. 2 GRADE.....	\$ 7.00 per 100

If you are interested in 1000 or more plants, we suggest that you write us a list of your needs, stating quantities, varieties, and grades, so that we can make you a direct quotation on just the stock wanted.

Prices quoted are for plants packed and delivered to the local transportation companies. We reserve the right to limit the quantity to each customer on scarce varieties. Please note special price quotations on limited supply varieties and patented roses.
